Specific Qualifications and Requirements for the:

Real-Time Populated Virtual Environments (*RTPVE*). Thematic Area: Virtual humans in Augmented Reality

Research Associate Position 1 (full-time or part-time)
1. Bachelor's degree and/or postgraduate degree in a relevant field (e.g. Computer Science, Engineering, Mathematics)
2. Strong computer programming skills (e.g. C/C++, Pyhton, Matlab) is a **must**
3. Knowledge of Deep-learning and usage of one of the existing Deep-learning environments (e.g. Keras, Tensorflow, Pytorch etc.) would be an **advantage**
